

Myscouting.org becomes My.Scouting.org

Commissioner Tools Reports

National 10/13/2015

The following new reports are now available in *Commissioner Tools*:

- **Commissioner Contacts** - displays all contacts made for units within the council and/or district (replaces Commissioner Contact Stats and Commissioner Activity reports). The report displays sub-totals for all assigned contacts. Sub-totals for additional contacts will be added soon, as well as grand totals.
- **Commissioners Without Contacts** - lists all commissioners that have not made a contact within the council and/or district.

Additionally, the invalid contact date entry on the form has been resolved. Please clear your cache in order to get the latest updates. We are working on additional changes that will be released soon. Watch for further notifications as new enhancements get implemented.

E-Learning Training Available on *My.Scouting Tools*!

National 08/11/2015

E-Learning training courses are now available to take online on *my.Scouting Tools*. Training courses can be found by selecting the *Home* button in the upper left corner, then *My Dashboard* in the menu list. It will default to the *My Training* section which was also enhanced providing 4 new tab selections:

- **YPT** – displays the Youth Protection training courses available.
- **Training Center** – displays the Scouting programs containing the training courses applicable to the specific program.
- **Requirements** – displays training courses required to become position-trained for your current registered position(s).
- **Completions** – displays training courses that were completed.

The training videos are the same ones that are currently available on the legacy myscouting.org site. We will eventually remove link to E-Learning from legacy myscouting.org in the coming weeks.

Eliminating Confusion - myscouting.org vs. my.scouting.org

National 07/13/2015

We heard you! In an attempt to reduce some of the confusion regarding where to go to access certain tools, significant changes will be made to both the myscouting.org and *my.Scouting Tools* sites over the next coming weeks.

Starting Thursday, July 16, 2015 the following program links will be removed from [myscouting.org's](http://myscouting.org) column list and become accessible in *my.Scouting Tools* under *Legacy Web Tools* in the *Home* menu list:

- Internet Advancement
- National Safety Council Defensive Driving Course
- Service Hours Reporting

Additionally, we're doing some general housekeeping by removing outdated links and resources on myscouting.org. More changes are coming, so check back often as we work to make *My.Scouting Tools* the one place to go for all your needs!

Here's what's new!

National 06/22/2015

- **Create Account** - Enhancements were made to the create account process providing a new look and feel. As a result, you may be redirected to the new *My Account* feature upon login and prompted to answer your security questions before allowing access to *my.Scouting Tools*. The *My Account* feature is incorporated with the *My Dashboard* tool and accessible in the menu list should you want to update your password or security questions at any time.

- **iPads** - An upgrade was implemented that now allows *my.Scouting Tools* to function correctly on iPads. The tools work best using Chrome. For Safari, you may need to change the settings and turn off popup blocker for the tools to work effectively.
- **Favorites Icon** – A “Favorites” icon, shaped as a heart, was developed that automatically saves recently accessed tools. This heart-shaped icon is located in the upper, right corner of the screen providing another easier way to access the tools you use most often. You can also find recently accessed tools under My Recent Tools under the Home menu list.

Training Manager Enhancements

National 03/25/2015

- A trend chart feature is available on both the Trained Leaders and YPT dashboards that shows a six-month trend of those trained and not trained in the last six months (Current), the previous year’s trend in the same six-month timeframe (Previous), and both Current and Previous year’s trend (Combined).
- The Trained Leaders and YPT Aging reports are now available for download at the sub-district level.

Organization Security Manager – Update

National 08/01/2014

New functional roles have been added to security manager. The following roles are for future functionality for online registration. Currently, assigning members to these functional roles will not grant them access to any tools. An update will be posted when online registration is rolled out later this year.

- Council Membership Standards Designee
- Cashier (Council)
- Registrar (Council)
- Registration Inquiry (National, Region, Area, Council, District, Unit)
- Council Membership Committee Chair
- District Membership Committee Chair
- Unit Membership Chairman

The following functional roles are now available for assignment granting them access to the following:

- JTE Camping – Camping Manager Tool
- JTE Data – District JTE Data Tool
- JTE TAY – District Total Available Youth Tool

Latest Improvements to *my.Scouting Tools*!

National 07/29/2014

New! Organization Security Manager Tool

- Key 3s at each organization level, including council, area, region and national, now have the ability to grant three people Key 3 access (a.k.a. Plus 3).

- Key 3s have the ability to assign certain functional positions access to the *Training Manager* tool. Additional roles will be added as needed and as new tools become available. *Member Manager* will now contain only unit related roles applicable to sub units (i.e. Dens, Patrols, Squads, Groups, Crews) available for assignment.

A help manual on how to use the tool can be found in the lower right corner within the tool. For answers to some frequently asked questions about *Organization Security Manager*, click [here](#).

Training Manager Enhancements:

- New **Member Training Report**, located on the *Search Training* menu bar, lists individual member's current, completed training records and any incomplete position-specific trainings.
- New **District Contact Report** (available at the district level) identifies the Key 3s in each unit in the selected district, including contact information and YPT status.
- New **Training Summary Report** (available to council, area, region and national Key 3s) provides dashboard status overview of those who are position trained and not trained, and YPT status.

Other Enhancements:

- Key 3s/Plus 3s at the national, region, and area levels have the ability to administer and update member information. Based on your "natural context" (position), you can drill down from national to council level in each tool, including *Training Manager*, *Organization Manager* and *Member Manager*.

my.Scouting Tools' New Makeover!

National 02/06/2014

We're excited to announce that *my.Scouting Tools* has a new makeover! The new design is more dynamic, faster and now supports Internet Explorer 10 and 11. Additional enhancements in this release include:

- The News section has been revamped providing more space to post pertinent and relevant information about *my.Scouting Tools*, along with other Scouting news.
- Each *Tool* icon is in a drop down list under the *Home* button to select rather than a row of large icons after logging in.
- *My Dashboard* is now comprised of *My Profile* and *My Training* details. Address, contact, phone, etc. are in separate editable sections instead of one long section to accommodate and adjust to most mobile screens.
- New *My Organization Dashboard* tool, located in the drop down list under the unit/district level, contains *My Calendar* and *My Announcements* details.

More enhancements are coming so check back often!

New Training Manager Enhancements

National 11/14/2013

- Functionality is now available at the district level for district Key 3 members to download the *Trained Leaders Report* and the *YPT Aging Report*.

- Unit and district Key 3 members can now generate and view an “exception” report that lists only those members who are not position-trained, and those whose YPT have expired or never taken simply by clicking in the red areas on the Trained Leaders or YPT pie charts.

MyScouting™ Tools Release Details

August 2015

- E-Learning training courses are now available to take online on *my.Scouting Tools*. Also, provides the required courses to take to be considered trained in your position. Training courses can be found by selecting the *Home* button, then *My Dashboard*.
