

What is JOTT? - <http://jott.org/>

Jamboree On The Trail is an annual day for the World Scout Movement to hike together. All Scouts, whatever their age and wherever they may be in the world, are invited to participate in whatever way they can. Cubs and younger Scouting sections could visit a local nature trail as part of a weekend camp. A Scout Troop might check out a hiking trail while working on badge requirements. A Rover Crew might make a Service Project out of restoring or maintaining a hiking trail.

In their own way, everyone will be hiking the same direction: towards a better future through Scouting. JOTT is held on the second Saturday of May each year.

JOTT Registration

JOTA-JOTI is the largest Scouting event in the world.

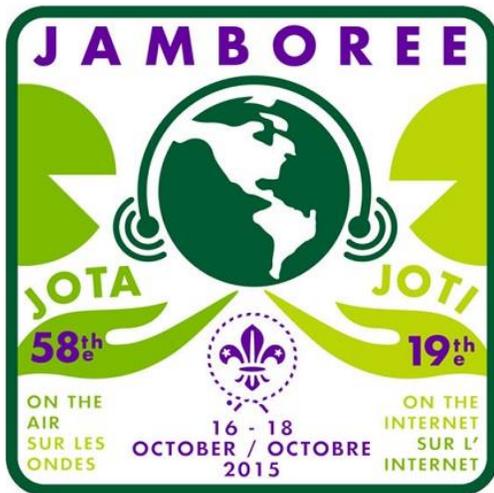

In 2014 over 1.3 million Scouts participated across 157 countries. The event is held the third weekend of October; for 2015 the Jamboree takes place on 16th, 17th and 18th October.

What is JOTA? - <http://jotajoti.info/jota/>

Jamboree on the Air (JOTA) is the amateur radio element of JOTA-JOTI, with Scouts all over the world speaking to each other by means of amateur radio. Scouting experiences are exchanged and ideas are shared via radio waves.

When Scouts want to meet young people from another country, they usually think of attending a World Scout Jamboree or another international gathering.

But few people realize that each year over a million Scouts "get together" during JOTA-JOTI. Modern communication technology offers Scouts the exciting opportunity to make friends in other countries without even leaving home.

Since 1958, when the first JOTA was held, thousands of Scouts and Guides have “met” each other through this event. Not only is it fun to talk to Scouts from other parts of the world, but it also gives a chance to find out about other countries and Scouting elsewhere.

Many contacts made during JOTA-JOTI have resulted in pen pals and links between scout troops that have lasted for many years.

With no restrictions on age, on the number that can participate and at little or no expense, the JOTA-JOTI enables Scouts to contact each other by amateur radio. The radio stations are operated by licensed amateur radio operators. Many Scouts and leaders hold licences and have their own stations, but the majority participates in the JOTA through stations operated by local radio clubs and individual radio amateurs. Today some operators even use television or computer linked communications.

Jamboree on the Internet (JOTI) is the internet related element of JOTA-JOTI, with Scouts all over the world contacting each other via the internet. Scouts can “meet” and share information with other Scouts from around the world using Internet technology.

JOTA-JOTI is a great opportunity to communicate with Scouts from around the world. JOTA-JOTI utilizes the Internet and devices with online access, from your computer to iPad tablets to smartphones, to link Scouts from around the world

Scouts of all ages can take part. You can participate at home with the help of an adult or in your Scout group.

Station Registration

We would appreciate you registering your station so we can provide a list of stations and locations of JOTA operations.
