

SPECIAL DIET REQUEST FORM

Troop / Pack _____ Dates of Arrival & Departure _____

Name of Scout _____

Name of Parent/Legal Guardian (PRINT CLEARLY) _____

Adult's DAYTIME Phone # _____ Email Address _____

The staff at MaKaJaWan wants to provide the best experience it can for each member of your troop or pack. Facilities and budget limit the possibilities, but a sincere effort will be made to accommodate campers in your unit with special dietary needs.

We need to know who these Scouts are and what is needed. The more complete information the Scout/family/unit can provide, the better we will be able to help. Complete this request form by dates listed below. Upon arrival at camp, we need the unit and the Scout to identify themselves to our kitchen staff, then cooperate in helping us meet the need. Problems encountered should be brought at once to camp administrations' attention.

We need time to prepare to meet the special dietary needs of our Scouts and Leaders. Please let us know at least two (2) weeks in advance what specific needs exist in your unit.

*Special diets that are planned in advance include: Vegetarian and Kosher. Any special needs requiring medical intervention or extremely strict controls should be carefully discussed with the camp administration to ascertain if they can be accommodated at camp (i.e. lactose intolerance, severe allergies, etc).

Diet Requirements: _____

Contact Claudia Clark directly with your dietary questions at claudiaj.clark@yahoo.com or 715-484-3112

Thank you for your cooperation in this matter. Send via email, fax, or mail to her:
